FOREWORD

To mark the occasion of the Golden Jubilee of the Handique Girls' College, the Celebration Committee has brought out a Commemorative Volume. Eminent scholars have contributed thought-provoking essays which bear on the social, political, cultural and literary life of the people of Assam through the ages. While most of the essays are concerned with the history and achievement of the people in general, we feel it is appropriate that a few of the essays also study the role of women in Assam and the state of women's education. The publication of such a volume from a pioneer institution which has had an important role to play in society and in the field of women's education will, we hope, be received with appreciation by all readers.

We express our deep gratitude to all those who have contributed to this volume.

Preeti Barua

Convenor, Souvenir Sub-Committee
